STATE BOARD TEST POOL EXAMINATIONS

Quoted from National League for Nursing Council of Baccalaureate & Higher Degree Programs

NLN'S ROLE IN THE STATE BOARD TEST POOL EXAMINATIONS

Questions are sometimes raised about NLN's role in the State Board Test Pool Examination for Registered Nurse Licensure and for Practical Nurse Licensure. Historically, cooperation between the test services of the National League for Nursing Education and representatives of boards of nursing that were organized under the American Nurses' Association began in early 1940's. This cooperation culminated in today's procedure for producing and processing the SBTPE.

Policies governing the use of the SBTPE are formulated by the ANA Council of State Boards of Nursing which is made up of one representative from each of the nurse licensing authorities in jurisdictions of the United States in which there is also a state nurses' association. The SBTPE is the examination of the Council of State Boards of Nursing which is responsible for its development and controls its use. The role of NLN is to provide the expertise in the area of tests and measurements for all aspects of the examination service. Each board of nursing utilizes the examination on a voluntary basis and without relinquishing its responsibilities for licensing nurses in its jurisdiction. One can recognize how the system of the SBTPE has proved advantageous to nursing and to the public. In establishing the SBTPE, nursing became the first profession for which the same licensing examination was used throughout the country, an achievement of which nursing is very proud.

Specific information about this examination should be requested from boards of nursing.

BOARD MEMBER APPOINTMENTS

Appointed to the Missouri State Board of Nursing by Governor Christopher S. Bond.

Sister Mary Jeremy Buckman, R.S.M., R.N., Director of Mercy Department of Nursing, Marriville College, St. Louis, Missouri, was appointed to replace Sister Mary Isadore Lennon, R.S.M., R.N., whose term had expired June, 1973.

Mrs. Zella Harrington, R.N., Director of Nursing and Health Programs, St. Louis Bi-State Chapter, The American National Red Cross, St. Louis, Missouri, was appointed to replace Mrs. Una Rice Thomas, R.N., whose term expired June, 1973.

Mrs. Janet Port, R.N., Inservice Coordinator, Woodland Hospital, Moberly, Missouri, was appointed to replace Mrs. Lucille Ferry, R.N., whose term expired June, 1974.

Mrs. Norma Wilson, L.P.N., Staff Nurse, Pemiscot County Memorial Hospital, Hayti, Missouri, was appointed to replace Mrs. Florena Carlstrom, L.P.N., whose term expired June, 1974.

Miss Mary Ruth Cuddy, R.N., was reappointed.

The Board wishes to recognize the contributions and services that Sister Mary Isadore Lennon, Mrs. Una Rice Thomas, Mrs. Lucille Ferry, and Mrs. Florena Carlstrom have rendered which has been distinctive and valuable. Their faithful attendance throughout the years that they served on the Board demonstrated their personal commitment to the improvement of nursing education and to the improvement of the practice of nursing in Missouri. The Board feels that they have well served the citizens of Missouri and is very grateful to them.

COMMISSIONS IN THE AIR FORCE NURSE CORPS:

The Board was informed on September 18, 1974, by the USAF - NC Hdqtrs, USA, that the Air Force is now accepting registered nurses who have graduated from programs approved by State Boards of Nursing that are listed by the Department of Education, H.E.W. as a nationally recognized accrediting agency. Missouri State Board of Nursing is so recognized. (Previously only graduates of N.L.N. accredited schools were eligible for commissions in the Air Force Nurse Corps.)

APPLICANTS WHO HAVE FAILED THE LICENSING EXAMINATION

Applicants who have failed the exam, are so notified that the Missouri Nursing Practice Act, Section 335.020 states: - "License as registered or practical nurse required. It is unlawful for any person to practice or to offer to practice registered professional nursing or licensed practical nursing in this state for compensation or personal profit, or to use any title, sign, abbreviation, cards, or device to indicate that such person is practicing registered professional nursing or licensed practical nursing unless he has been duly licensed under this chapter."

Section 335.030 RSMo., 1969 allows graduates of professional nursing or schools of practical nursing to practice nursing pending the results of the first licensing examination scheduled by the Board following such graduation.

DUPLICATE CERTIFICATES OF REGISTRATION

1. A duplicate Certificate of Registration is issued in the event the original becomes lost or destroyed. The licensee must notify the Missouri State Board of Nursing of such and a form will be forwarded for completion and notarization. No additional fee will be charged for a duplicate.
2. A duplicate Certificate of Registration is issued at the licensee's own risk and is marked accordingly since unlicensed individuals have in the past secured and used renewal certificates of Missouri licensees. The duplicate certificate must be returned to the Missouri State Board of Nursing office if the original is recovered by the licensee.

SPECIAL FEATURE

General Information re: The Missouri State Board of Nursing

The Missouri State Board of Nursing consists of seven members, five registered professional nurses and two licensed practical nurses, who are appointed by the Governor with the advice and consent of the Senate from nominees submitted by the director of the department. Section 335.140 RSMo., 1969 "Qualifications of members of board. - Each registered professional nurse who is, or shall become, a member of the board shall be a citizen of the United States and resident of this state; shall have completed at least an approved four-year high school course of study; shall have graduated from an accredited school of nursing; shall be licensed as a registered professional nurse in this state; shall have

had at least three years experience in nursing following graduation and shall be actively engaged in the practice of nursing at the time of her appointment. Each qualified practical nurse who is a member of the board shall have actively been engaged in the practice of practical nursing for three years immediately prior to the time of her appointment, and within one-year period of time following her appointment shall be licensed as a licensed practical nurse. Thereafter only licensed practical nurses shall become members of the board."

The members of the Board are appointed to serve the State of Missouri and have the legal responsibility to see that the provisions of the law are carried out effectively in addition to serving as a policy making and planning group. When administering the law and establishing policy, the members of the Board consider the patient, the nurse, the community and the programs of professional and practical nursing.

The Board operates as a whole. Individual members have authority only as delegated to them by the Board.

The State Board of Nursing was assigned to the Division of Registration and Examination of the State Department of Education when this Division was created and established by the sixty-third General Assembly in 1945 when Senate Bill Number 456 was enacted; however, with this change in the placement of the Board in governmental structure, the Board of Nursing was to retain the authority given under the statutes. The existing rules and regulations were to remain in effect and fees collected by the Board and paid to the Director of Revenue were to be credited to the Board as provided by law.

The 77th Regular Session of the General Assembly enacted into law the functional reorganization of the executive branch of state government, including the orderly transfer of all functions previously assigned by law to separate agencies of the executive branch, into a streamlined structure as required by the amendment of Article IV of the State Constitution adopted by the voters August 8, 1972, effective July 1, 1974.

Senate Bill No. 1. "16. The division of registration and examination, department of education within chapter 161, RSMo., and other, is abolished and the following boards and commissions are transferred by specific type transfers to the division of professional registration, department of consumer affairs, regulation and licensing: ... board of nursing, chapter 335, RSMo; ... The governor shall appoint members of these boards by and with the advice and consent of the senate from nominees submitted by the director of the department. The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services relating to the issuance and renewal of licenses, which shall be provided by the division, within the appropriation therefor. All clerical and other staff services relating to the issuance and renewal of licenses of the individual boards are abolished. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Notwithstanding any other provision of law the director of the division shall exercise all management functions of the boards and commissions, including but not limited to the allocation and assignment of space, personnel and equipment..."

The officers of the Board are the President and the Secretary-Treasurer, elected by the members of the Board for a one year term at the annual meeting held in June of each year. (Section 335.150 RSMo., of the Nursing Practice Act of the State of Missouri).

Mr. Alfred Sikes was appointed by the Governor as the director of Department of Consumer Affairs. Mr. George Uffman was appointed Director of Professional Registration.
